

## 目 次

### • 基础研究 •

|                                         |                     |
|-----------------------------------------|---------------------|
| $n$ 值 Lukasiewicz 命题逻辑系统中公式的矛盾度理论 ..... | 李顺琴, 惠小静 (001)      |
| 一类特殊的有限 3-群 .....                       | 薛海波 (007)           |
| 单调集值测度空间上的 Lebesgue 与 Egoroff 型定理 ..... | 开学文, 吴健荣, 李姣姣 (010) |
| 一类具有非线性有效接触率的病毒感染模型的动力学性态分析 .....       | 龚亚英 (017)           |
| 一类具有广义次临界条件的半线性椭圆方程解的多重性 .....          | 段 誉, 孙 歆, 张云艳 (021) |
| 集值非扩张映象不动点的带误差的 Ishikawa 迭代逼近问题 .....   | 张 伟, 蔡银英, 柳彦军 (025) |
| 求解一类非凸变分不等式的近似点算法 .....                 | 殷 羽 (029)           |
| 基于互信息的二进制区分矩阵特征约简方法 .....               | 项海飞 (033)           |

### • 应用研究 •

|                                   |                                       |
|-----------------------------------|---------------------------------------|
| 资源要素组合对城镇化演进“增长阻尼”测度及演化趋势探析 ..... | 张乐勤 (039)                             |
| 重庆市城镇化演进对耕地面积影响前景预测 .....         | 田思思, 何多兴, 杨权伍, 赵 阳, 周也奇 (046)         |
| 漂浮育苗不同基质对烤烟苗生长的影响 .....           | 方 保, 赵正雄, 刘彦中, 卢 红 (053)              |
| 高效氯氟氰菊酯亚致死浓度对番石榴实蝇代谢酶的影响 .....    | 沈登荣, 何 超,<br>宋文菲, 田学军, 袁盛勇, 张宏瑞 (058) |
| 基于 FPGA 的高速公路快速称取质量系统的实现 .....    | 董 萍 (062)                             |
| 不同掺量钢纤维自密实混凝土梁的抗弯性能有限元分析 .....    | 薛 瑞, 吴 禹, 周俊敏 (068)                   |
| 基于极坐标的自适应数字预失真器 .....             | 李 林, 艳 鹏 (075)                        |
| 平台型电子商务在线交易评价主体的信誉评估 .....        | 蔡志文, 林建宗 (079)                        |

|                                       |                                              |
|---------------------------------------|----------------------------------------------|
| 一种多路隔离驱动电路的设计与实现 .....                | 陈珊珊 (086)                                    |
| 基于功率分配的双向协作频谱接入方法 .....               | 王 凯, 卢为党, 郭淑琴, 何 娣, 沈凌晓 (092)                |
| 面孔性别注意偏向受女性生理周期影响 .....               | 宋美静, Cody. Ding, 杨 东 (099)                   |
| 高学历青年员工主观社会地位的指标构成及特点——以重庆地区为例 .....  | 关雨生, 程 刚, 龚 玲, 陈艳红, 张大均 (105)                |
| 中职生神经质与攻击情绪认知:特质愤怒的中介作用 .....         | 滕召军, 刘衍玲, 兰海英, 张 鑫 (112)                     |
| 社会联结量表修订版在中学生群体中的信效度检验 .....          | 范晓兰, 韦 嘉, 张进辅 (118)                          |
| 中国传统帛画跨界与现代婚纱礼服结合之研究 .....            | 王 国 安 (123)                                  |
| 川南地区未来旅游纪念品设计的对策研究——以泸州市为例 .....      | 唐春妮 (129)                                    |
| 基于“三圆环事故致因理论”的危险化学品安全管理分析 ..          | 邹晓川, 王 存, 张 雪, 蒋傲雪, 何田甜, 李巧荣, 石开云, 刘 燕 (134) |
| 我国区域竞技体育竞争格局研究 .....                  | 陈荣浩 (140)                                    |
| 四川省休闲体育产业与旅游产业融合模式研究 .....            | 钟菊华 (147)                                    |
| 我国老年人绿道体育参与现状及未来趋势研究——以四川省成都市为例 ..... | 张 鸿 (152)                                    |
| 美国青少年体质健康政策的演进及执行路径研究 .....           | 杨成伟 (158)                                    |

• 教学研究与改革 •

|                                      |                     |
|--------------------------------------|---------------------|
| 《食品专业英语》教学中培养学生阅读理解能力的探讨 .....       | 杨吉霞, 杜木英, 贺稚非 (164) |
| 工业设计学生群体与专业教学模式研究——基于统计检验和模型分析 ..... | 王汉友 (170)           |
| 基于模糊综合评价的《机械创新设计》课程考核方式研究 .....      | 刘 军, 李天舒 (177)      |

# JOURNAL OF SOUTHWEST CHINA NORMAL UNIVERSITY (NATURAL SCIENCE EDITION)

Vol. 40 No. 8

Total No. 221

Aug. 20, 2015

## CONTENTS

On Theory of Contradiction Degree in  $n$ -Valued Lukasiewicz Proposition Logic System

..... LI Shun-Qin, HUI Xiao-Jing (001)

On a Special Class of Finite 3-Groups ..... XUE Hai-bo (007)

On Lebesgue Theorem and Egoroff Theorem on Monotone Set-valued Measure Spaces

..... KAI Xue-wen, WU Jian-rong, LI Jiao-jiao (010)

On Dynamic Analysis of a Viral Infection Model with Nonlinear Effective Contact rate ..... GONG Ya-ying (017)

On Multiplicity of Solutions to Semilinear Elliptic Equations Involving General Subcritical Growth

..... DUAN Yu, SUN Xin, ZHANG Yun-yan (021)

On Iterative Approximation Problem of Fixed Points with Errors for Set-Valued Nonexpansive Mappings

..... ZHANG Wei, CAI Yin-ying, LIU Yan-jun (025)

On a Proximal Point Algorithm for Solving a Class of Nonconvex Variational Inequalities ..... YIN Yu (029)

On Feature Reduction Algorithm of Binary Discernibility Matrix Based on Mutual Information Model

..... XIANG Hai-fei (033)

On “Drag Effect” Measurement and Evolutionary Trend Analysis of Urbanization Based on Resource Combination

..... ZHANG Le-qin (039)

Forecast on Prospect about Influence of Urbanization Gradual Progress on Arable Land in Chongqing

..... TIAN Si-si, HE Duo-xing, YANG Quan-wu, ZHAO Yang, ZHOU Ye-qi (046)

On Effects of Different Matrix on Flue-Cured Tobacco Growth in Floating System ..... FANG Bao,

ZHAO Zheng-xiong, LIU Yan-zhong, LU Hong (053)

On Effects of Sublethal Doses on Metabolic Enzymes of Lambda-Cyhalothrin to *Bactrocera Correcta* (Bezzi)

..... SHEN Deng-rong, HE Chao, SONG Wen-fei, TIAN Xue-jun, YUAN Sheng-yong, ZHANG Hong-rui (058)

On Implementation of Highway Fast Weighing System Based on FPGA ..... DONG Ping (062)

On Flexural Behavior of Steel Fiber Reinforced Self-Compacting Concrete Beam of Different Admixture Amounts

with Finite Element Analysis ..... XUE Rui, WU Yu, ZHOU Jun-min (068)

|                                                                                                                                                                                                                                           |                                                                                                              |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|
| On Adaptive Digital Pre-distortion Device Based On Polar Coordinates .....                                                                                                                                                                | LI Lin,YAN Peng(075)                                                                                         |
| On Reputation Evaluation for Estimators of E-Commerce Online Transactions .....                                                                                                                                                           | CAI Zhi-wen,LIN Jian-zong(079)                                                                               |
| On Design and Implementation of an Isolated Driving Circuit with Multi-Channel Output .....                                                                                                                                               | CHEN Shan-shan(086)                                                                                          |
| On Two-Way Cooperative Spectrum Access Based on Power Allocation .....                                                                                                                                                                    | WANG Kai,LU Wei-dang,<br>GUO Shu-qin,HE Di,SHEN Ling-xiao(092)                                               |
| On Attentional Bias of Face Gender Affected by Menstrual Cycle .....                                                                                                                                                                      | SONG Mei-jing,Cody. Ding,YANG Dong(099)                                                                      |
| On Composition and Characterizations of Highly Educated Young Employees' Subjective Social Status Index<br>——With Chongqing as an Example .....                                                                                           | GUAN Yu-sheng, CHENG Gang,<br>GONG Ling, CHEN Yan-hong, ZHANG Da-jun (105)                                   |
| On Relations between Neuroticism and Anger-Hostility Action among Vocational Students;the Mediating Effect<br>of Trait Anger .....                                                                                                        | TENG Zhao-jun, LIU Yan-ling, LAN Hai-ying, ZHANG Xin (112)                                                   |
| On Reliability and Validity of Social Connectedness Scale-Revised in Chinese Middle School Students<br>.....                                                                                                                              | FAN Xiao-lan, WEI Jia, ZHANG Jin-fu (118)                                                                    |
| On Traditional Chinese <i>BoHua</i> Combinedwith Modern Wedding Dress .....                                                                                                                                                               | WANG Guo-an (123)                                                                                            |
| On Designation of the Future Tourism Souvenirs in Southern Region——A Case Study in Luzhou City<br>.....                                                                                                                                   | TANG Chun-ni (129)                                                                                           |
| On Safety Management of Dangerous Chemicals by “Three Ring Accident Causing Theory” .....                                                                                                                                                 | ZOU Xiao-chuan,<br>WANG Cun, ZHANG Xue, JIANG Ao-xue, HE Tian-tian, LI Qiao-rong, SHI Kai-yun, LIU Yan (134) |
| On Competitive Pattern of Competitive Sports Area in Our Country .....                                                                                                                                                                    | CHEN Rong-hao (140)                                                                                          |
| On Integration of Sichuan Leisure Sports Industry and Tourism Industry .....                                                                                                                                                              | ZHONG Ju-hua (147)                                                                                           |
| On Current Situation and Tendency of Old Men Green Way Sports in China——With Chengdu City as an Example<br>.....                                                                                                                          | ZHANG Hong (152)                                                                                             |
| The Execution Path and Evolution of American Teenagers Physical Health Promotion Policy .....                                                                                                                                             | YANG Cheng-wei (158)                                                                                         |
